

Creation vs. Evolution

Evolution says:	The Bible says:
Everything is an accident	Everything is made as part of God's plan
The universe has existed for 24,000,000,000 years	The world has existed for 6,000 years
Humans aren't worth any more than any other animal	We are made in the image of God
Our great-great-great grandfather is a rock	Jehovah God is our Father
Since God doesn't exist, there is no sin, consequences, or authority	Because God created us, He has a right to command us to obey, and we must
We are not important	We are important
There is nothing for us after death	We have the hope of eternal life with the Lord after this life

Proofs that the world has not existed for millions of years:

- The magnetic force of the world
- The Sahara desert
- Pressure of petroleum in the earth
- The Mississippi River
- The oldest tree in the world
- Niagra Falls
- The "dust" on the Moon
